

G200 SERIES

INSWING CASEMENT

Enhance your building's design with a variety of configurations that add a sleek, architectural touch to your casement windows. Our Peerless casement windows come with both right-hand and left-hand hinge options. Designed with advanced thermal breaking technology, these windows deliver superior performance in air, water, and thermal efficiency.

FEATURES AND BENEFITS

- Versatile frame fits multiple glass types for low U-values
- Color options: wide range of interior/exterior finishes, including metallic powder coats
- Single-handle operation for all perimeter locks
- Optional key handle for secure, locked vent access
- Adjustable vent hardware for easy tuning
- Continuous head, sill, and jamb – no mullions required
- Flange designs minimize field trimming
- Glass film for easier cleaning
- Dry exterior gaskets for simple re-glazing

TYPICAL CONFIGURATIONS

*Please consult your project engineer for additional configuration options.
