

PEERLESS ACCESSORIES

JULIET BALCONY

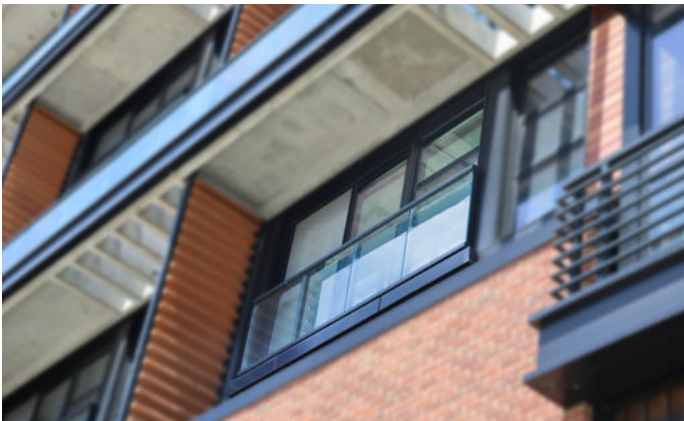

JULIET BALCONY

THE BEST SOLUTION FOR BALCONIES

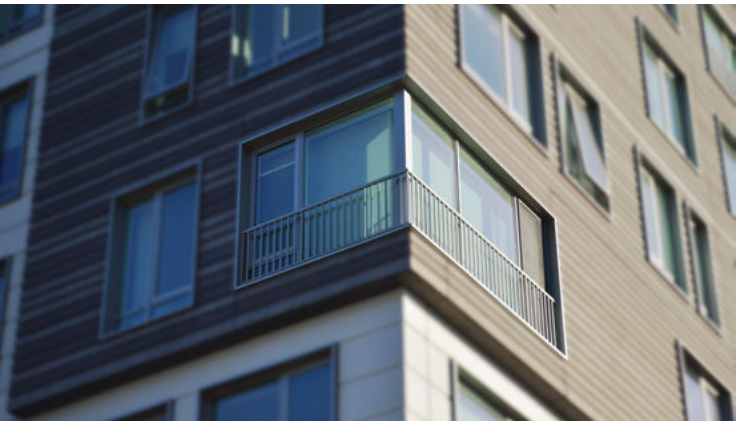

Peerless Juliet Balconies bring fresh air to occupants while preserving a clean, modern façade. Co-extruded directly onto the Peerless receptor, they install quickly and efficiently—eliminating extra trades and reducing cost. The seamless window connection manages water effectively for long-term durability. Available in a classic picket rail or sleek glass design, Juliet Balconies deliver both performance and style.

GLASS RAIL JULIET BALCONY

- Distinctive clean aesthetic
- Assists in meeting fresh air requirements
- Co-extruded for seamless integration with receptor
- Reduces costs by eliminating the need for balcony
- Utilizes glass railings for modern touch

PICKET RAIL JULIET BALCONY

- Sleek exterior finish
- Assists in meeting fresh air requirements
- Co-extruded for seamless integration with receptor
- Reduces costs by eliminating the need for balcony
