

## RETROFIT/HISTORIC OFFSET WINDOWS

# HISTORIC OFFSET

The Peerless Historic Offset/Retrofit Series restores landmark architecture with precision and style. Designed for seamless integration, it preserves historic charm or introduces a refined modern edge—available in simulated single- and double-hung styles with grid and arched system options.

### PRODUCT DATA

### PERFORMANCE

|                                  |                                                     |
|----------------------------------|-----------------------------------------------------|
| Certification                    | A440-17                                             |
| U-Value (Casement)               | G200: 0.32-0.38   G500: 0.16-0.22   G600: 0.34-0.38 |
| Air Infiltration Rate @ 6.24 psf | <0.1 cfm/sf                                         |
| Water Test Pressure              | 15 psf                                              |
| Design Pressure                  | 50-100 psf                                          |
| Standard Glass Thickness         | 1"                                                  |
| Glazing Material                 | Dry Glazed                                          |
| OITC/STC                         | Up to 32 / Up to 40                                 |
